More than ever, the songs of John Rzeznik seem to resonate deeply into the common consciousness of us all reflecting the universal emotional fallout of our times in song. It's no wonder the GOOS have broken the record for The Most Top 10 or higher Hits in Radio History, per Billboard Magazine. The rock band formed in the '80s but really came to rise in the '90s with songs like "Name" and "Iris." More recent hits include "Give a Little Bit", "Better Days" and "Let Love In."
