

Maroon 5, Kelly Clarkson & Rozzi Crane will join together in Honda Civic Tour 2013 with a stop at Jones Beach on Sunday, Aug 11. It is considered to be the most massive and the largest music concert that would ever happen in the history of music. The infectious whistle that has gone viral "Moves like Jagger" will definitely be the catchiest tunes in the Honda Civic Tour. Grammy award winning artists will be performing together in a single stage which is quite interesting for the public. The Honda Civic Tour has begun in 2001 and the event has presented numerous artists in the past. It is the second time that Maroon 5 will be performing in the Honda Civic Tour. The supporting artist for this year will be Rozzi Crane. <http://MAROON5.jonesbeach.com>
